II. Intellectual Property Rights (IPR) Infringement

We wish to draw your special attention to clause No. 42 listed in the exhibitor's application form about intellectual property rights (IPR) infringement. This is a matter taken very seriously by the Fair Organizer - Hong Kong Trade Development Council (HKTDC).

We would like to inform you that the following measure will be implemented to tackle with "Intellectual Property Rights Infringement" issues:

Fair Legal Advisor

We have procedures for handling complaints promptly at the fairground, with the assistance of a Fair Legal Adviser. They are set out in Section 3.2 of the Exhibitors' Manual and all exhibitors are invited to make use of them. These procedures are designed to safeguard exhibitors' intellectual property rights as well as to protect individual exhibitors from any business disruption caused by unfounded complaints.

The Fair Organiser reserves the right to deny admission of anyone to the Fair, or to eject anyone from the Fair, who does not follow these procedures and / or who disturbs the normal business of exhibitors or buyers inside the Exhibition Hall.

An exhibitors' briefing to explain TDC on-the-spot handling of IPR complaints will be held on **February 23, 2015**. The briefing will also cover how to go about proving ownership and infringement of intellectual property rights.

All exhibitors are encouraged to attend. The briefing will be conducted in Cantonese but written materials will also be available in English. If you are interested in attending the briefing, please fill in the attached reply slip and return it to us by fax on or before **February 17, 2015**. I look forward to seeing you at the briefing.

Circular (4) – Caution on Third Party Promotional Offers

The Hong Kong Trade Development Council (HKTDC) has learnt that exhibitors have been receiving invitations from Fair Guide (owned by Construct Data) for listings in its guide at the exhibitors' expense. It has also come to HKTDC's attention that another two companies under the name Expo Guide (owned by Commercial Online Manuals S de RL de CV ("Commercial Online Manuals")), Event Fair and AVRON have sent similar invitations to exhibitors inviting them to update or correct their data with its fair directory for free listing. The HKTDC would like to stress that the Fair Guide, the Expo Guide, the Event Fair and the AVRON has **NO CONNECTION** with the HKTDC or any of our fairs.

UFI, an international organization which represents the interests of the exhibition industry worldwide has been warning the exhibition industry to be vigilant against Fair Guide, Expo Guide, Construct Data, Commercial Online Manuals and other similar guides and organisations such as Event Fair & AVRON. UFI has also reported that debt collection agencies work in partnership with these guides to intimidate exhibitors for payment. The practice of Construct Data has been considered as unconscionable and misleading by the Austrian Protective Association. Recent information suggests that Construct Data & Event Fair have shifted its operation from Austria to Mexico and/or Slovakia.

It should be noted that the contents and wording of Fair Guide's and Expo Guide's letter and order form are virtually identical. It is possible that Construct Data, Commercial Online Manuals, Event Fair and AVRON are related companies or are in some way connected. You should therefore exercise due diligence and care when being approached for such invitations so as to avoid possible unwarranted and/or unnecessary financial commitments. In order to protect your own interests, you are urged to read the contracts (including the small print) and attachments carefully, as well as seeking legal advice, before signing any such documents.

The HKTDC does not recommend that you sign any materials that you receive from Construct Data, and/or Commercial Online Manuals and/or Event Fair, and/or AVRON. If you have mistakenly entered into contract with Construct Data and/or Commercial Online Manuals and/or Event Fair and/or AVRON, you should notify Construct Data and/or Commercial Online Manuals and/or Event Fair and/or AVRON in writing and inform them that you dispute the validity of the contract on the basis of mistake and/or misrepresentation. You should take legal advice as to how to respond to any demands for payment that you might receive.

For more information about UFI's action against Fair Guide, Expo Guide, Construct Data and AVRON, please visit http://www.ufi.org/Public/Default.aspx?CLEF_SITESMAPS=161.

Should you have any questions, please contact Mr Tony Chan, Exhibitions Project Manager at Tel: (852) 2240 4071; or email address: tony.ch.chan@hktdc.org of the Hong Kong Trade Development Council.

通告(4) – 請小心處理由第三者提供之推廣優惠

香港貿易發展局獲悉參展商曾接獲 Fair Guide (由 Construct Data 所擁有) 的邀請, 在其指南中刊登名錄, 費用由參展商負責。香港貿發局最近發現另外多家公司, 包括 Expo Guide (由 Commercial Online Manuals S de RL de CV (“Commercial Online Manuals”) 所擁有), Event Fair 及 AVRON 亦向參展商發出類似信件, 邀請參展商更新或更正他們于其指南中之資料作為免費刊登名錄。香港貿發局特此澄清及重申: Fair Guide 或 Expo Guide 或 Event Fair 或 AVRON 概與香港貿發局或本局的任何展覽**完全無關**。

UFI, 一個代表全球展覽業利益的國際組織, 已經警告展覽業要小心警惕 Fair guide、Expo Guide、Construct Data、Commercial Online Manuals 和其他類似的指南和組織如 Event Fair、AVRON。UFI 還報告說, 收債公司和這些指南和組織有夥伴的關係, 從而恐嚇參展商付款。Construct Data 之經營手法已被奧地利保障公平競爭協會 (Austrian Protective Association) 視為不公平及誤導。最近有資料顯示, Construct Data、Event Fair 及 AVRON 已從奧地利轉移其運作到墨西哥和/或斯洛伐克。

由於 Fair Guide 及 Expo Guide 的信件及訂單內容及語句幾乎完全相同, Construct Data, Commercial Online Manuals, Event Fair 與 AVRON 可能是相關或連繫之公司。閣下因此應盡量以小心謹慎的態度處理該等邀請, 以免作出不必要的財務承擔。本局特此呼籲閣下在簽署任何合約 (包括以細小字體列印的合約) 及附件之前, 應細閱有關文件和尋求法律意見, 以保障閣下本身的利益。

本局並不建議閣下簽署任何從 Construct Data 及/或 Commercial Online Manuals 及/或 Event Fair 及/或 AVRON 收到之文件。如閣下在錯誤情況下與 Construct Data 及/或 Commercial Online Manual Event Fair 及/或 AVRON 訂立合約, 閣下應以書面通知 Construct Data 及/或 Commercial Online Manuals 及/或 Event Fair 及/或 AVRON 指出基于錯誤或被誤導之情況下簽署該文件, 有關合約無效。閣下應該就如何應對你可能會收到的付款要求尋求法律意見。

欲瞭解更多信息關於 UFI 對 Fair Guide, Expo Guide, Construct Data 與 Commercial Online Manuals 採取之行動, 請瀏覽此網頁

Circular (15) – The Energy Efficiency (Labelling of Products) Ordinance, Cap. 598

Please note that with the coming into effect of the Energy Efficiency (Labelling of Products) Ordinance, Cap. 598, (the "Ordinance") on 9 May 2008, compact fluorescent lamps ("CFLs") are now prescribed products in Hong Kong subject to the provisions of the Ordinance.

Starting from 9 November 2009, CFLs are required to be supplied with energy labels in Hong Kong. Any person who supplies CFLs without energy labels in Hong Kong will commit an offence and may be liable to a fine of HK\$100,000.

Accordingly, Exhibitors should be aware that starting from 9 November 2009, CFLs supplied at the HKTDC Hong Kong International Lighting Fair (Spring Edition) and HKTDC Hong Kong International Lighting Fair (Autumn Edition) will have to bear the necessary energy labels.

For further information on the provisions of the Ordinance and the application for energy labels, please contact the Electrical and Mechanical Services Department ("EMSD") (Public Enquiry Hotline: (852) 28083465; website: <http://www.emsd.gov.hk>) which has issued a "Code of Practice on Energy Labelling of Products" (downloadable at [http://www.emsd.gov.hk/emsd/c_download/pee/Integrated_Code_of_Practice_\(201003\)\(C\)\(Final\).pdf](http://www.emsd.gov.hk/emsd/c_download/pee/Integrated_Code_of_Practice_(201003)(C)(Final).pdf)) as a technical guide for manufacturers, importers and suppliers of prescribed products to apply for the necessary energy labels and comply with the provisions of the Ordinance.

通告(15) – 香港法律第 598 章《能源效益(產品標籤)條例》的實施

緊湊型熒光燈已經從 2008 年 5 月 9 日起，成為被實施的香港法律第 598 章《能源效益(產品標籤)條例》(“該條例”)所規管的訂明產品。

該條例規定從 2009 年 11 月 9 日開始，所有在香港供應的緊湊型熒光燈必須附有該條例規定的能源標籤。任何人士在香港供應沒有能源標籤的緊湊型熒光燈即屬違法，可能被判處港幣 10 萬元罰款。

因此，參展者應注意自 2009 年 11 月 9 日開始，在《香港貿發局香港國際春季燈飾展》及《香港貿發局香港國際秋季燈飾展》供應的緊湊型熒光燈將需要附有法例規定的能源標籤。

有關該條例之內容和申請能源標籤的進一步資料，參展者可以查詢機電工程處(公眾諮詢熱線：(852) 2808 3465；互聯網址：<http://www.emsd.gov.hk>)。機電工程處已根據該條例發出《產品能源標籤實務守則》，幫助生產商、進口商和供應商遵守該條例的規定和申請必須的能源標籤。參展者可於 [http://www.emsd.gov.hk/emsd/c_download/pee/Integrated_Code_of_Practice_\(201003\)\(C\)\(Final\).pdf](http://www.emsd.gov.hk/emsd/c_download/pee/Integrated_Code_of_Practice_(201003)(C)(Final).pdf) 下載該實務守則。

Circular 通告 (16) – Control of LED Lighting Equipment and Associated Power Supplies LED 燈設備及有關電源供應之管制

FURTHER INFORMATION TO NOTES ON AVOIDING RADIO INTERFERENCE CAUSED BY LED LIGHTING EQUIPMENT AND ASSOCIATED POWER SUPPLIES

In November 2010, OFTA issued an information note drawing the attention of manufacturers, suppliers, dealers, contractors, users of LED lighting equipment and other relevant parties to the potential harmful interference that may be caused by LED lighting equipment and the associated power supplies to the lawful radiocommunications services. Subsequently, OFTA has received feedback from the industry and other relevant parties. This information note serves to provide further information on the issue, as follows -

- (a) The control limits for radio frequency disturbances of certain classes of electrical apparatus (including LED lighting equipment) are set out in the Telecommunications (Control of Interference) Regulations (Cap 106B) (the "Regulations"). These control limits are generally based on the recommendations of or standards specified by the International Special Committee on Radio Interference (CISPR) of the International Electrotechnical Commission (IEC).
- (b) Currently, the control limits of the Regulations are based on the CISPR standards in force some years ago. The Administration is now taking steps to amend the Regulations to bring the control in line with the updated standards which may include the CISPR standards as well as other applicable international, regional or national standards. Consideration will also be given to the introduction of a transitional arrangement so that mandatory compliance with the updated standards is required only after the amendment Regulations have come into operation for a specified period of time, say, one year. Further information will be released when there is a clearer picture of the way forward.
- (c) In the information note of November 2010, OFTA expressed concern on some "large LED lighting systems" which might cause interference to legitimate radiocommunications services operating at frequencies above 300 MHz for which CISPR 15 (for electrical lighting and similar equipment) does not contain the radiated disturbance limits. One example of such large systems is the outdoor LED advertisement panel (including associated power supplies) which employs a large number of LED lighting units and consumes total power in the order of hundreds of watts or above. For such system, if it is

computer-controlled or is part of a data processing system, it may be dealt with under standards that contain provisions governing the radiated disturbance at frequencies above 300 MHz, e.g. CISPR 22 covering information technology equipment.

- (d) As regards LED lighting equipment (including the associated power supplies) designed for general lighting and illumination purpose, for the purpose of avoidance of interference with other telecommunications installations, compliance with CISPR 15 may be sufficient. However, in case there is complaint of interference to other legitimate radiocommunications services from an installation comprising LED lighting equipment and the associated power supplies, OFTA may handle the case in accordance with the provisions of the Telecommunications Ordinance (Cap 106), e.g. sections 32D and 32J. In such case, OFTA may require the person possessing the installation and the concerned equipment to take necessary measures to prevent the interference. Such measures may include making modifications to the installation and the concerned equipment to ensure compliance with the relevant standards, which may include CISPR 15 and IEC 61204-3 as mentioned in our information note of November 2010, as well as other appropriate standards which contain limits on radiated disturbance at frequencies above 300 MHz.

If further information is required on the issue, please send email to chchan@ofta.gov.hk or call Mr. C H Chan at telephone no. 2961 6718.

Circular (17) – Immigration Regulations to be Observed and Followed by Exhibitors**1. Exhibitors from outside Hong Kong**

According to the policy of Immigration Department of Hong Kong, foreign visitors are allowed to remain in Hong Kong for the purposes of sightseeing, shopping, as well as conducting contracts, attending meetings and conferences, etc. For the purpose of immigration control, visitors are subject to certain conditions of stay specified in the Immigration Regulations. These conditions preclude a visitor from taking up employment, whether paid or unpaid and he is not allowed to establish or join in any business. Those who wish to be engaged in day-to-day business operations or investment activities in Hong Kong will have to apply for a work permit.

In the case of a trade exhibition, whether an exhibitor needs a work permit would depend on the nature of the business of the exhibition booth he/she mans and his/her activities therein. In general, if the exhibitor's activities are focused on promotion without engaging in retail sales, he will not need to apply for a work permit. However, if an exhibitor from outside Hong Kong is engaged in retail sales activities, a work permit will be required.

2. Exhibitors from Chinese Mainland

Where Chinese Mainland exhibitors participating in trade fairs are concerned, it should be noted that they must apply for exit permission from the relevant Chinese Mainland authorities. For business visits, Mainland residents have to apply to the PSB Office in their place of domicile for permission to enter Hong Kong under the Business Visit Scheme. The PSB will issue an exit-entry permit with a business visit endorsement to Mainland business visitors. Exhibitors from Chinese Mainland are required to meet Hong Kong Immigration regulations as stipulated in item 1 of the above.

3. Hong Kong Exhibitors

If any local exhibitor is planning to deploy or hire any personnel from outside Hong Kong at the booths during fair period (including move-in and move-out days), the above regulations (items 1 and 2) will also apply.

For details of Hong Kong immigration regulations, you may access the Immigration Department's web-site (www.info.gov.hk/immd/). If you have any queries regarding the above, please do not hesitate to contact Hong Kong Trade Development Council.
